

introducing the

# CALAMARI VIGNETTE COLLECTION

The Digital Vignette Collection delivers the most impactful and teachable moments in a format that suits classroom environments, presentations, and discussion forums. We have distilled our documentary case studies, interviews, court hearings and social service proceedings into self-contained segments that highlight challenges, demonstrate process and shed light on real world juvenile service environments. Available individually or in bundles, these 5- to 10-minute vignettes are available in a variety of formats for delivery via the web, DVD, and mobile devices.

our **HIGH IMPACT CONTENT** distilled into **CONCISE TEACHABLE LESSONS**
